

# Domestic Resource Mobilization & Expenditure

AAWG Initiative Grantees

# Track It! -- Advancing Accountability Dialogues for FP Commodity Financing in Uganda

The project will contribute to timely disbursements and improved expenditure of the domestic funds for FP thus fostering commodity security in Uganda.

Project Outcomes:

1. Increase use of local data for accountability and decision making
  2. Local champions network has skills, tools and resources to advance accountability engagements for FP commodity financing
  3. Commitments (decisions and actions) for enhancing accountability for domestic funds for FP supplies are secured and acted upon.
- Funding: 100,000 USD, RHSC/AAWG
  - Duration: 15 months (July 2022-October 2023)

# Mobilizing government resources to increase and secure the supply of RH products in Benin

This project aims to equip a local advocacy coalition with the necessary tools to advocate to the Benin MOH and Ministry of Economy and Finance such that the ministries fulfill their 2021 financial commitments to increase the national budget allocated for contraceptive supplies and spend these funds on time by the end of September 2023.

## Project Objectives:

1. Strengthen capacity of 15 advocates in the SMART Advocacy approach and Budget Framework/Performance Scorecard
  2. Hold the MOH accountable for the 2021 financial commitment to increase the national budget allocated for contraceptive supplies from 250 000 000 FCFA (2019) to 302 500 000 FCFA
  3. Advocate for the timely release of funds allocated to contraceptive products by the Ministry of Finance by September 2023
- Funding: 100,000 USD, RHSC/AAWG
  - Duration: 18 months (July 2022-December 2023)

# Advocacy for Improving the Supply Chain for Reproductive Health Products in the Congo

High rates of early/unwanted pregnancies are leading to an increase in unsafe abortions and maternal mortality in Congo, especially in rural and semi-urban areas. The project focuses on improving accessibility and equitable access to reproductive health products. This will be achieved by decentralizing the Central Medical Stores, acquiring reproductive health products in sufficient quantities, and distributing them to the last mile.

## Project Objectives:

1. A national coalition of NGOs for advocacy on contraceptive security is created and advocacy plan implemented
  2. The national media are involved in advocacy
  3. The government's commitment to allocate a budget for the last-mile distribution of reproductive health products and the construction of a new national warehouse in the Sangha is effective and implemented
- Funding: 84,107 USD, RHSC
  - Duration: 22 months (Nov 2021-April 2023, July-Dec 2023)
