

Partnering with IMS Health A Proof of Concept for Improved Market Visibility

Denise L Harrison, MA, MBA
Senior Market Development Advisor
USAID
GH/PRH/Commodities Security and
Logistics
October 10, 2013

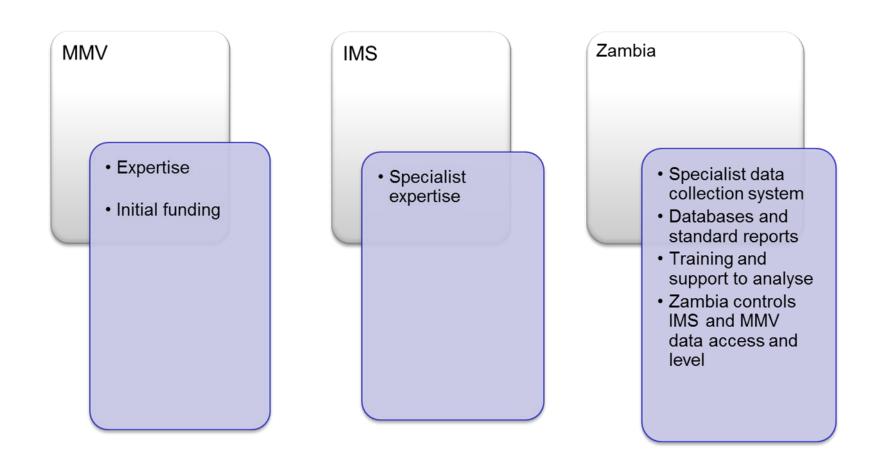

Background

• FP2020 aims to increase access by 46% across 69 countries.

- Access is through markets.
- However, there is limited/incomplete visibility of market data and no routine collection of market data at country level.

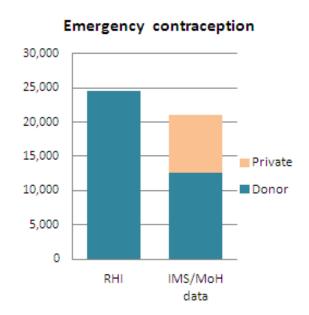

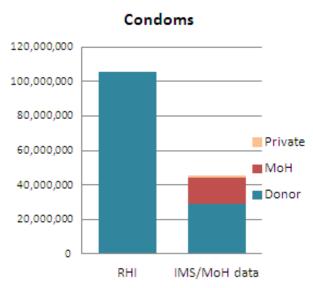

ISAID What we are building on

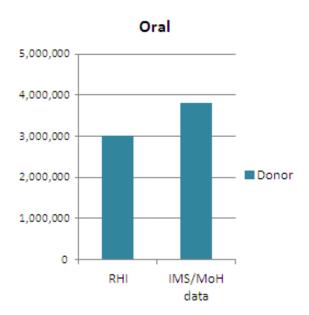

SAID Getting the complete picture

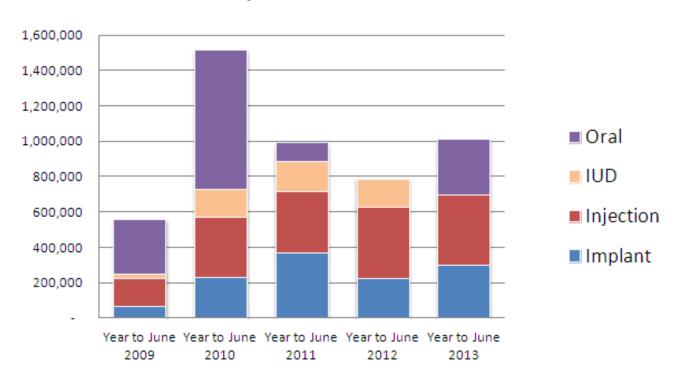

Contraceptive provision over time

Couple Years of Protection

The value of market data
