Next Steps

Consideration of upcoming RHS advocacy opportunities:

- EU-US Trans-Atlantic Dialogue – MDGs – a place for RHS?
- MDGs @ 10 – RMA strategy?
- European Union – highlight the challenges faced by a divided EU on the issues of SRHR and how that affects our advocacy, and how that challenges us to come up with messages for very different audiences. The position of the EU compared to the new reality in the USA – how will that affect our advocacy efforts here?
- Working together – highlight the success of Countdown 2015 and the work we have done together, as Europeans learning from each other settings and political reality.
