CHOICE

Enabling Factors for Family Planning

- Government funding and commitment to providing universal access to women and girls to a wide range of modern options
- Awareness among women of options available
- Commitment to voluntarism and choice
- Support for family planning from men and religious/community leaders
- SRHR education for adolescents
- Trained HCPs with accessibility to a wide range of contraceptive choices for their patients/customers
- Strong distribution and supply chains to minimize stock outs
- Affordable, high-quality products
