CHOICE

DELIVERING COMMITMENTS IN TANZANIA

Implementing FP2020 Commitments

- FP2020 Action Plan – Lake and Western Zones (low CPR)
- Donor support

Pursuing RMNCH Sharpened Plan

- FP – a high impact intervention
- Accountability through Scorecard

Incorporating Health in Big Results Now

- Focus on HRH (performance and distribution), and commodities

Sustaining gains through government transitions

- Local NGOs advocating RMNCH, youth issues in election manifestos

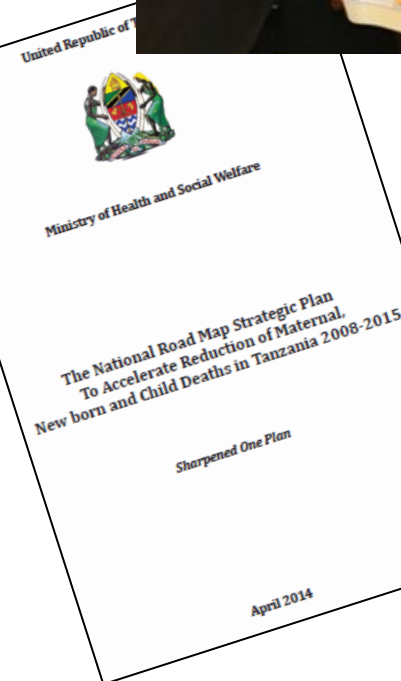

REFLECTIONS ON THE PROCESS OF DELIVERING COMMITMENTS

Opportunities for Growth

- Limited technical capacity within government, especially at district-level
- Too many processes running parallel stretching implementers' resources
- Sustaining advocacy is a challenge at the local level

Advancements to Build Upon

- Strong and effective partner collaboration and transparency
- Greater government stewardship and commitment
- Sustained donor support
- Strengthened CSOs' capacity for accountability

Thank you!
