- Each BINGO board has characteristics of Coalition member organizations, one in each box
- Find a person in the room from an organization that fits the characteristic
- That person must then sign in the corresponding box

SSWG Purpose

Aims to strengthen the global, regional, and country systems needed to ensure reliable and predictable reproductive health (RH) supplies.

Ensure that these systems are better aligned, more data-driven, and more coordinated.

SSWG Objectives

Learn: Raise Awareness on role of systems and their impact on availability, equity, quality and choice of RH supplies

Share: Exchange ideas and knowledge about HSS

- Focus on efficiency of the supply chains
- Draw from relevant trends and developments

Act: Neutral space to identify systematic challenges and gaps (that cannot be resolved within any one organization) and to work collaboratively to develop responsive solutions

Question for the day

- Are there aspects of this work or associated challenges that can be addressed by a global group such as SSWG?
- If so, what are they?

Brainstorm new SSWG workstreams

Goal: Identify new workstream ideas for the SSWG to carry forward in the coming months

8-14 people per table

If one topic has more than 15 people, then divide into two tables

Assign a note-taker for each table

Topics:

- FP2020 Bottlenecks
- Universal Health Coverage
- New Supply Chain Technologies
- Global Financing Facility
- Others?
