**Maternal and Newborn Quality of Care Surveys: National Policy and Drugs Interview Guide**

**Developer**

Maternal and Child Health Integrated Program (MCHIP)

**How to access the tool**

Contact MCHIP for access to this tool ([info@mchip.net](mailto:info@mchip.net))

**Purpose**

A standardized questionnaire for key informant interviews at the national level to: identify relevant evidence-based practice guidelines on national policies; relevant medications on the national essential drug list or formularies; evidence-based content on L&D care, including PE/E treatment, in pre-service and in-service medical curricula/syllabi from the year preceding the study; and background statistics on maternal and newborn health (e.g., mortality) from existing sources, such as the Demographic and Health Survey and Health Information Systems .

**Audience**

This tool may be used at the national level.

**Language**

English

**Keywords**

Assessment, policy, maternal health
